

PARTS FABRICATION, WELDING ASSEMBLY

**Over 40 years of experience in custom metal fabrication and assembly
- by now we can build just about anything.**

Parts Fabrication and Welding

27,000 sq/ft. facility

Laser Cutting: Mitsubishi - 6 Kw with automation

- Max material size: 60" x 120"
- Max material thickness 1"
- Steel/Aluminum/Stainless Steel

Plasma Cutting:

- Max material size: 96" x 300"
- Max material thickness: 1.5"
- Steel/Aluminum/Stainless Steel

Press Brake:

- Accupress - 12' bed x 250 Ton
- Accupress - 14' bed x 250 Ton

Welding: CWB certified to W47.1 & W59 with certified Level 1 inspection

- Steel/Stainless Steel (Mig/Tig)
- Aluminum (Mig/Tig)
- Specialized in Chassis Manufacturing

Crane Capacity:

- 10 Tonne

Assembly

40,000 sq/ft. facility

Assembly Capacity:

- General Assembly
- Hydraulic Assembly
- Electrical assembly
- Electronic Controls/Panel Assembly
- Certified Commercial Vehicle Inspection Facility

Crane Capacity:

- 15 Tonne

Industry Expertise

We have over 40 years of combined experience, with Propell's parent company TYCROP, serving a diverse range of industries, including:

- Agriculture & farming
- Forestry
- Oil and Gas
- Mining
- Transport (specializing in trailer chassis)
- Service & Repair

INDUSTRIAL PREP, PAINT & COATINGS

Our dedicated facility is one of the largest in Western Canada, going above and beyond to ensure the best quality finish and turn-around time.

Paint/Coatings

22,000 sq/ft. facility

Fully contained environmentally compliant and controlled booths provide optimal conditions for paint applications. With controlled cure settings for increase in turn-around time.

Sandblast Booth:

- 24' x 65'

Paint Booths:

- 24' x 66'
- 20' x 60'
- 14' x 24'

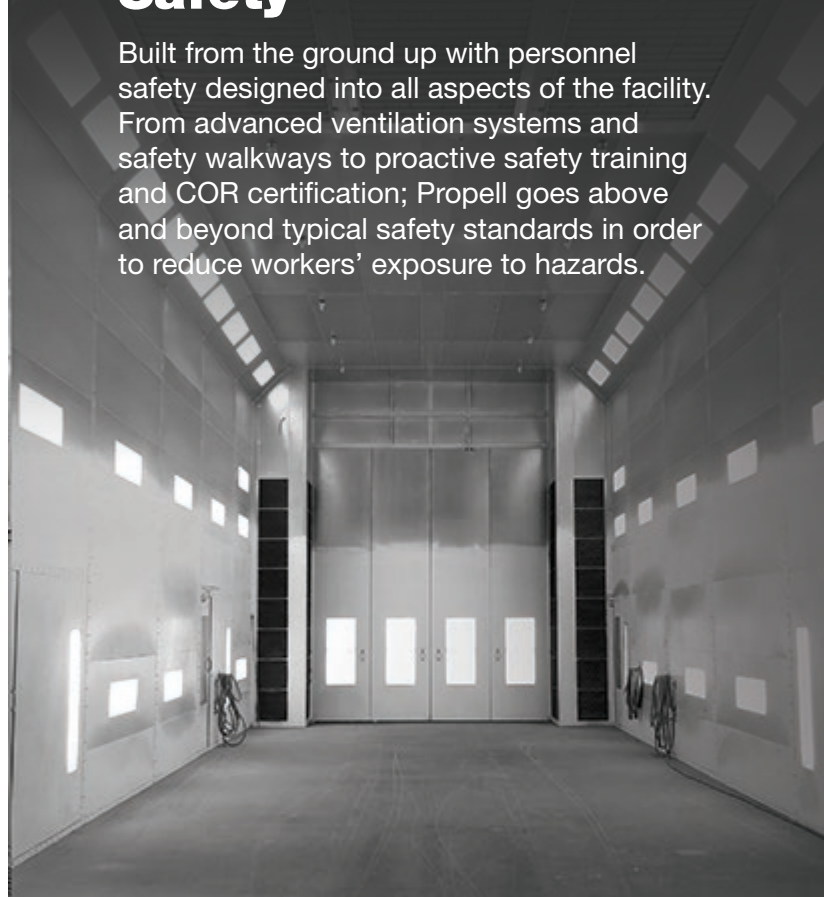

Powder coating Booth:

- 12' x 24'

Safety

Built from the ground up with personnel safety designed into all aspects of the facility. From advanced ventilation systems and safety walkways to proactive safety training and COR certification; Propell goes above and beyond typical safety standards in order to reduce workers' exposure to hazards.
